

INDEX OF PERIOCHAE II: THE ACHILLEID

This index follows the general principles used in the list of manuscripts with *periochae* to the *Thebaid*.

This section is divided by the books of the *Achilleid*. Within each book, the manuscripts that transmit clearly traditional *periochae* are grouped together, and the rest of the manuscripts that transmit *periochae* to the book are grouped in a residual category. All manuscripts, together with the numbers of the books to which they have *periochae*, are listed at the beginning as an index (*G* refers to general *periochae*). The division of the books is based on their division in each respective witness.
